The memo looks fine. I did not change anything, but I did add a couple sentences and highlighted them in yellow to hopefully strengthen the case a bit. Chip and Eric, feel free to use the language or remove it, as it is just a suggestion (I also suggested we get 25% of Bruce's time for both November AND December, since I doubt we will be finished in November and December will be only a half month anyway). -jeremy

Subject: Request for Bruce Hope's assistance

Eric and Chip,

Per our conversation yesterday at the TCT meeting, attached is a memo for you to transmit to Jim Anderson and Keith Johnson that requests assistance from Bruce Hope to work on the Food Web Modeling effort. Please look this over, make any changes you see fit, paste the text into an email, and send the email to Jim and Keith. Jim will then confirm with Keith that he supports this request as well, and (hopefully) expedite Keith's approval. If you have any questions, please let me know.

Burt, Joe, Dana, Rob, Jean and Jeremy - in the attached memo, we mentioned that you (as key TCT members) support this request to affirm the message from the team. If you have any concerns about this, please let us know.

Thanks for your assistance on this.

Cheers,
Mikell
